#### **Technical details ECO15**

Maximum Flow 15 m<sup>3</sup>/h  
Gravity / Airlift / Pump feed  
Pump Version has 30% less capacity  
Water running height 16 cm

#### **Material:**

Housing PP 10/15 mm / Drum PP 20/15 mm  
RVS 316/304 / Silicone sealant  
Precise CNC machine cut PP-construction

#### **Specifications:**

Standard inputs and outputs acc. drawing  
Changes to inputs and outputs possible after consultation  
1 x 110 mm Waste Outlet  
Diameter of drum 40 cm x 25 cm  
Patented woven 75 micron steel mesh  
2 x 90 mm Drum-Bypass  
Removable spraybar  
Removable waste water gutter  
40 NM drive motor with 2,5 RPM  
With cover

#### **Control panel:**

Automatic cleaning, plug and play with stainless steel float switch  
Manual operation run/wash  
Cleaning (turn/flushing) time adjustable  
Cleaning level adjustable  
3 plugs to have control over Drum filter motor , Cleaning and Pond-pump  
Standard dry run protection for pond pump  
All components built into modules which quickly changeable  
Comes with detailed instructions  
CE approved

Warranty 2 years (not on the Sieve!)
